## SUMMARY

Informatics graduate from the Faculty of Computer Science, University of Jember (GPA: 3.74). Experienced as a Front End Developer Intern at PT Central AI, developing web applications using JavaScript, Python, React.js, Next.js, and Flask. Active in student organizations as Head of Public Relations at HMIF. Former Teaching Assistant for the Artificial Intelligence course, with strong skills in technical communication, teamwork, and collaboration in both academic and professional settings.

## EXPERIENCE

### Frontend Web Developer Intern

Aug 2022 - Dec 2022

- Redesigned and implemented company website using Figma and Python (Flask).
- Developed multiple web projects using JavaScript (React.js), HTML, CSS, and vanilla JavaScript.
- Utilized styling tools such as Bootstrap and Tailwind CSS for responsive UI design.

### Frontend JavaScript

Feb 2022 - Aug 2022

- Completed JavaScript training program by Binar Academy, covering fundamentals to advanced topics including React.js.
- Built individual projects after each module to reinforce understanding.
- Collaborated on a final team project integrating frontend and backend development.

### Fullstack Web Developer

Dec 2023 - Jan 2024

- Completed Full Stack Web Developer bootcamp designed for beginners.
- Gained foundational knowledge of web development, including HTML, CSS, and JavaScript.
- Engaged in hands-on learning through practical exercises and projects.

### Head of the Public Relations Division

Dec 2021 - Dec 2022

- Coordinated division members and delegated tasks effectively.
- Aligned team objectives with the organization's mission and goals.
- Strengthened leadership, communication, and team management skills.
